

ACE Photography

Description:

As a wedding photographer, I regard it as a privilege to be invited to spend one of the most important days in a couple's life with them, and to capture the feeling and spirit of that day in their photographs, knowing they will be able to re-live the day every time they take their album out to browse through it.

All prints are developed in a professional photographic laboratory where only the finest materials are used to insure you get quality prints which will last for many years to come. Visit our website for samples. These prints are then inserted in an album of your choice from a range of manufacturers. They can be traditional, contemporary or reportage layouts and can be bound in many different materials including leather. Sample images of some of these can be found on the Albums page of our website.

I work mainly in Northern Ireland but if required I will travel to any country to photograph your wedding. I pride myself in the fact that I always do my best to produce the finest pictures in a professional and courteous manner. Being a member of the SWPP & BPPA, my professional conduct is a pre-requisite.

There are packages available to suit everyone and every pocket. Please click on 'Send message' or contact us via the telephone number listed below.

Address Line 1: 26 Pinley Green
